SOLID WASTE - Town continues to investigate the advantages of changing companies for receipt of recycles. Presently, the Town has a trucking contract with E.M.R. Inc. to transport Town recycles to ECOMAINE located in Portland. ECOMAINE has not charged for this service; however, there is a possibility in the near future that a fee will be added due to changes in the Recycling Business. The new facility in Hamden (Fiberight) will also process recycles for a fee. One of the key advantages to have Municipal Solid Waste and Recycles to go to one facility is a decrease in trucking costs.

Ferry Advisory Committee - Kathy Clark, Ferry Advisory committee member briefed the Town on the upcoming Advisory Committee meeting to be held March 14th in Rockland. Agenda includes review of the Board's Bylaws and discussion of the Rate Structure.

Town Meeting - Reminder Town Meeting is scheduled for Saturday March 9th to begin at 9 am at the Swan's Island School.

Meeting Adjourned 7:55 pm.

Respectfully submitted,

Karen Griffin
Administrative Assistant to Selectmen
