

NEW DUMP POLICY

March 15 - October 15
Sunday 1-5 PM
Tuesday, Thursday, Friday 3 - 6 PM
Saturday (July & August)
Noon to 3 PM

(1) DO NOT ENTER DUMP UNTIL POSTED TIME.

(2) All persons bringing garbage to the dump are responsible for loading bags in the dumpster. There is to be no contact with the manager. The manager will start the compactor after the vehicle has departed. Next in line is to wait for manager to motion to move up in line.

(3) No hazardous waste will be accepted until further notice. This includes paint, lights, fluorescent and mercury lights and electronics. Please do not bring any hazardous items and drop off in front of building. We will post notice when this service is to resume.

(4) Do not use the old burn pile. Contents must be removed from area. The new burn pile location is to the right of the old burn pile.

(5) If dump is closed, do not leave your garbage at the gate. This creates an impossible situation and requires the dump manager to clean up your garbage.

(6) Cardboard must be cut in 3 by 3 foot sections. Anything larger will not be accepted. The manager will no longer be cutting cardboard to meet this requirement.

AGAIN, DO NOT ENTER THE DUMP UNTIL THE POSTED TIME FOR OPENING.
